

JISEA 2017 Meeting - Informing Innovation: Building an Energy Innovation Ecosystem

Kate Cheesbrough

March 22, 2017

Problem we are addressing

Wells Fargo Innovation Incubator (IN²)

Overview

- IN² support clean energy technologies and startup companies to overcome market gaps by providing access to both technical assistance and business development support
- Support various stages of development, including:
 - Tier I: Lab Bench Scale
 - Tier II: Prototype
 - Tier III: Commercially-ready
- Upon successful completion of project milestones, opportunity to test within Wells Fargo buildings portfolio
